

# *Fort de Chartres*

## *Heirloom Saturday*

You are invited to the Fort de Chartres Jardin Potager and explore the autumn's garden activities.

**Saturday, October 21, 2017.**

**1 p.m.-4 p.m.**

Let's meet in the Trading Post and talk about seeds, which seeds to yet plant in fall, seed saving, and preparing the jardin's beds for winter! Take home some of the jardin's sample seed packets and informational flyers. This jardin potager is a demonstration garden that has been planted in the style of a French habitant kitchen garden, generally tended by the women of the Illinois Country. Visit us on Saturday and let's talk gardening!
